RECONNECT & RELAX

ASPEN SPAS

Since we started building Aspen Spas in 1991, we've been guided by a simple philosophy: **design elegant, luxurious, high-end spas for comfort, performance, and flexibility — and build them with the best components and techniques available.**

As a spa manufacturer, we strive to have an acute understanding of the customer's therapeutic needs and relaxation desires. We are constantly in touch with today's spa customer through our factory-direct showroom in St. Louis, Missouri.

We focus on design, durability, efficiency, and reliability to bring you the best spas in America, and we're continually innovating to improve your spa experience. Enrich your life with relaxation and fitness in one sleek package that will transform your backyard into a year-round oasis.

Aspen Spas has dealers throughout the United States (including Puerto Rico), the United Kingdom, Canada, and Trinidad & Tobago. **Explore the Aspen Spas line today!**

THE ASPEN SPA FAMILY HISTORY

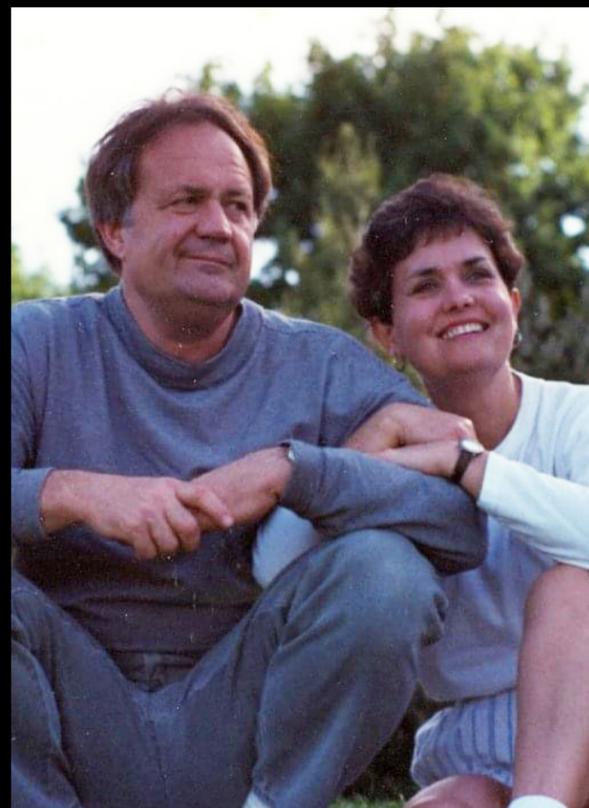

Tom and Sam Bania know the value of perseverance, hard work, customer service, and a job well done.

They grew up working for their father, Lee, in the heating and air conditioning business which exposed them to a wide variety of electrical, plumbing, and carpentry skills, in addition to teaching the essential finesse of treating customers with deep respect and care.

After they graduated from college in 1991, the Baniyas were driven by their desire to pursue entrepreneurship and opened the business that would soon become Aspen Spas.

By combining years of experience across a number of industries, Tom & Sam developed unrivaled hot tubs with innovative, unique designs that are made exclusively by their family-owned and operated company in St. Louis, Missouri.

Pat Bania, the family matriarch, worked alongside Tom & Sam and was responsible for much of Aspen Spas' early success. She served as the sales manager until her passing in 2010, building vital customer relationships that have lasted for years.

“Pat was the true heart and soul of Aspen Spas”

Pat was the true heart and soul of Aspen Spas. She was a friend to everyone who visited Aspen and set the precedent for future employees on how to treat customers: like family.

Her spirit lives on in her sons, Tom and Sam, who use their different personalities and strengths to run Aspen Spas in her honor. With such a rich history, you can trust that Aspen, just like your spa, is going to exceed your expectations for years to come.

THE **BENEFITS** OF AN ASPEN SPA

While a relaxing soak in an Aspen Spa will enhance your hydrotherapy and thermotherapy needs, there is an added holistic approach to health and wellness that offers numerous benefits:

- HELPS **MANAGE STRESS**
- ELEVATES **MOOD**
- SUPPORTS **MINDFULNESS**
- STRENGTHENS **CONNECTIONS**
- EASES **SORENESS & PAIN**
- ENHANCES **RECOVERY**
- IMPACTS **BLOOD PRESSURE**
- IMPROVES **SLEEP QUALITY**

BENEFITS OF A SPA | MIND

HELPS MANAGE STRESS

The comforting warmth and gentle massage of a hot tub provide a soothing escape from daily stressors, promoting deep relaxation and a sense of calm. Immerse yourself to unwind and recharge both body and mind.

ELEVATES MOOD

Hot tubs have been known to boost your mood and promote a sense of well-being. The combination of warm water, buoyancy, and the release of endorphins can create a natural high and help alleviate symptoms of depression and anxiety.

SUPPORTS MINDFULNESS

Soaking in a hot tub provides an ideal opportunity for practicing mindfulness and connecting with our body. By focusing on the sensations of the water, the sound of the jets, and the feeling of weightlessness, we can bring our attention to the present moment and cultivate a sense of inner peace and relaxation.

STRENGTHENS CONNECTIONS

Aspen Spas often serve as a gathering place for friends and family. Engaging in conversations and spending quality time with loved ones, all while relaxing in the warm water can contribute to our mental well-being.

BENEFITS OF A SPA | BODY

EASES SORENESS & PAIN

The hot water in a hot tub can help alleviate muscle pain and soreness. It can also provide relief from conditions like arthritis and fibromyalgia, as the heat helps to soothe inflamed muscles and joints.

ENHANCES RECOVERY

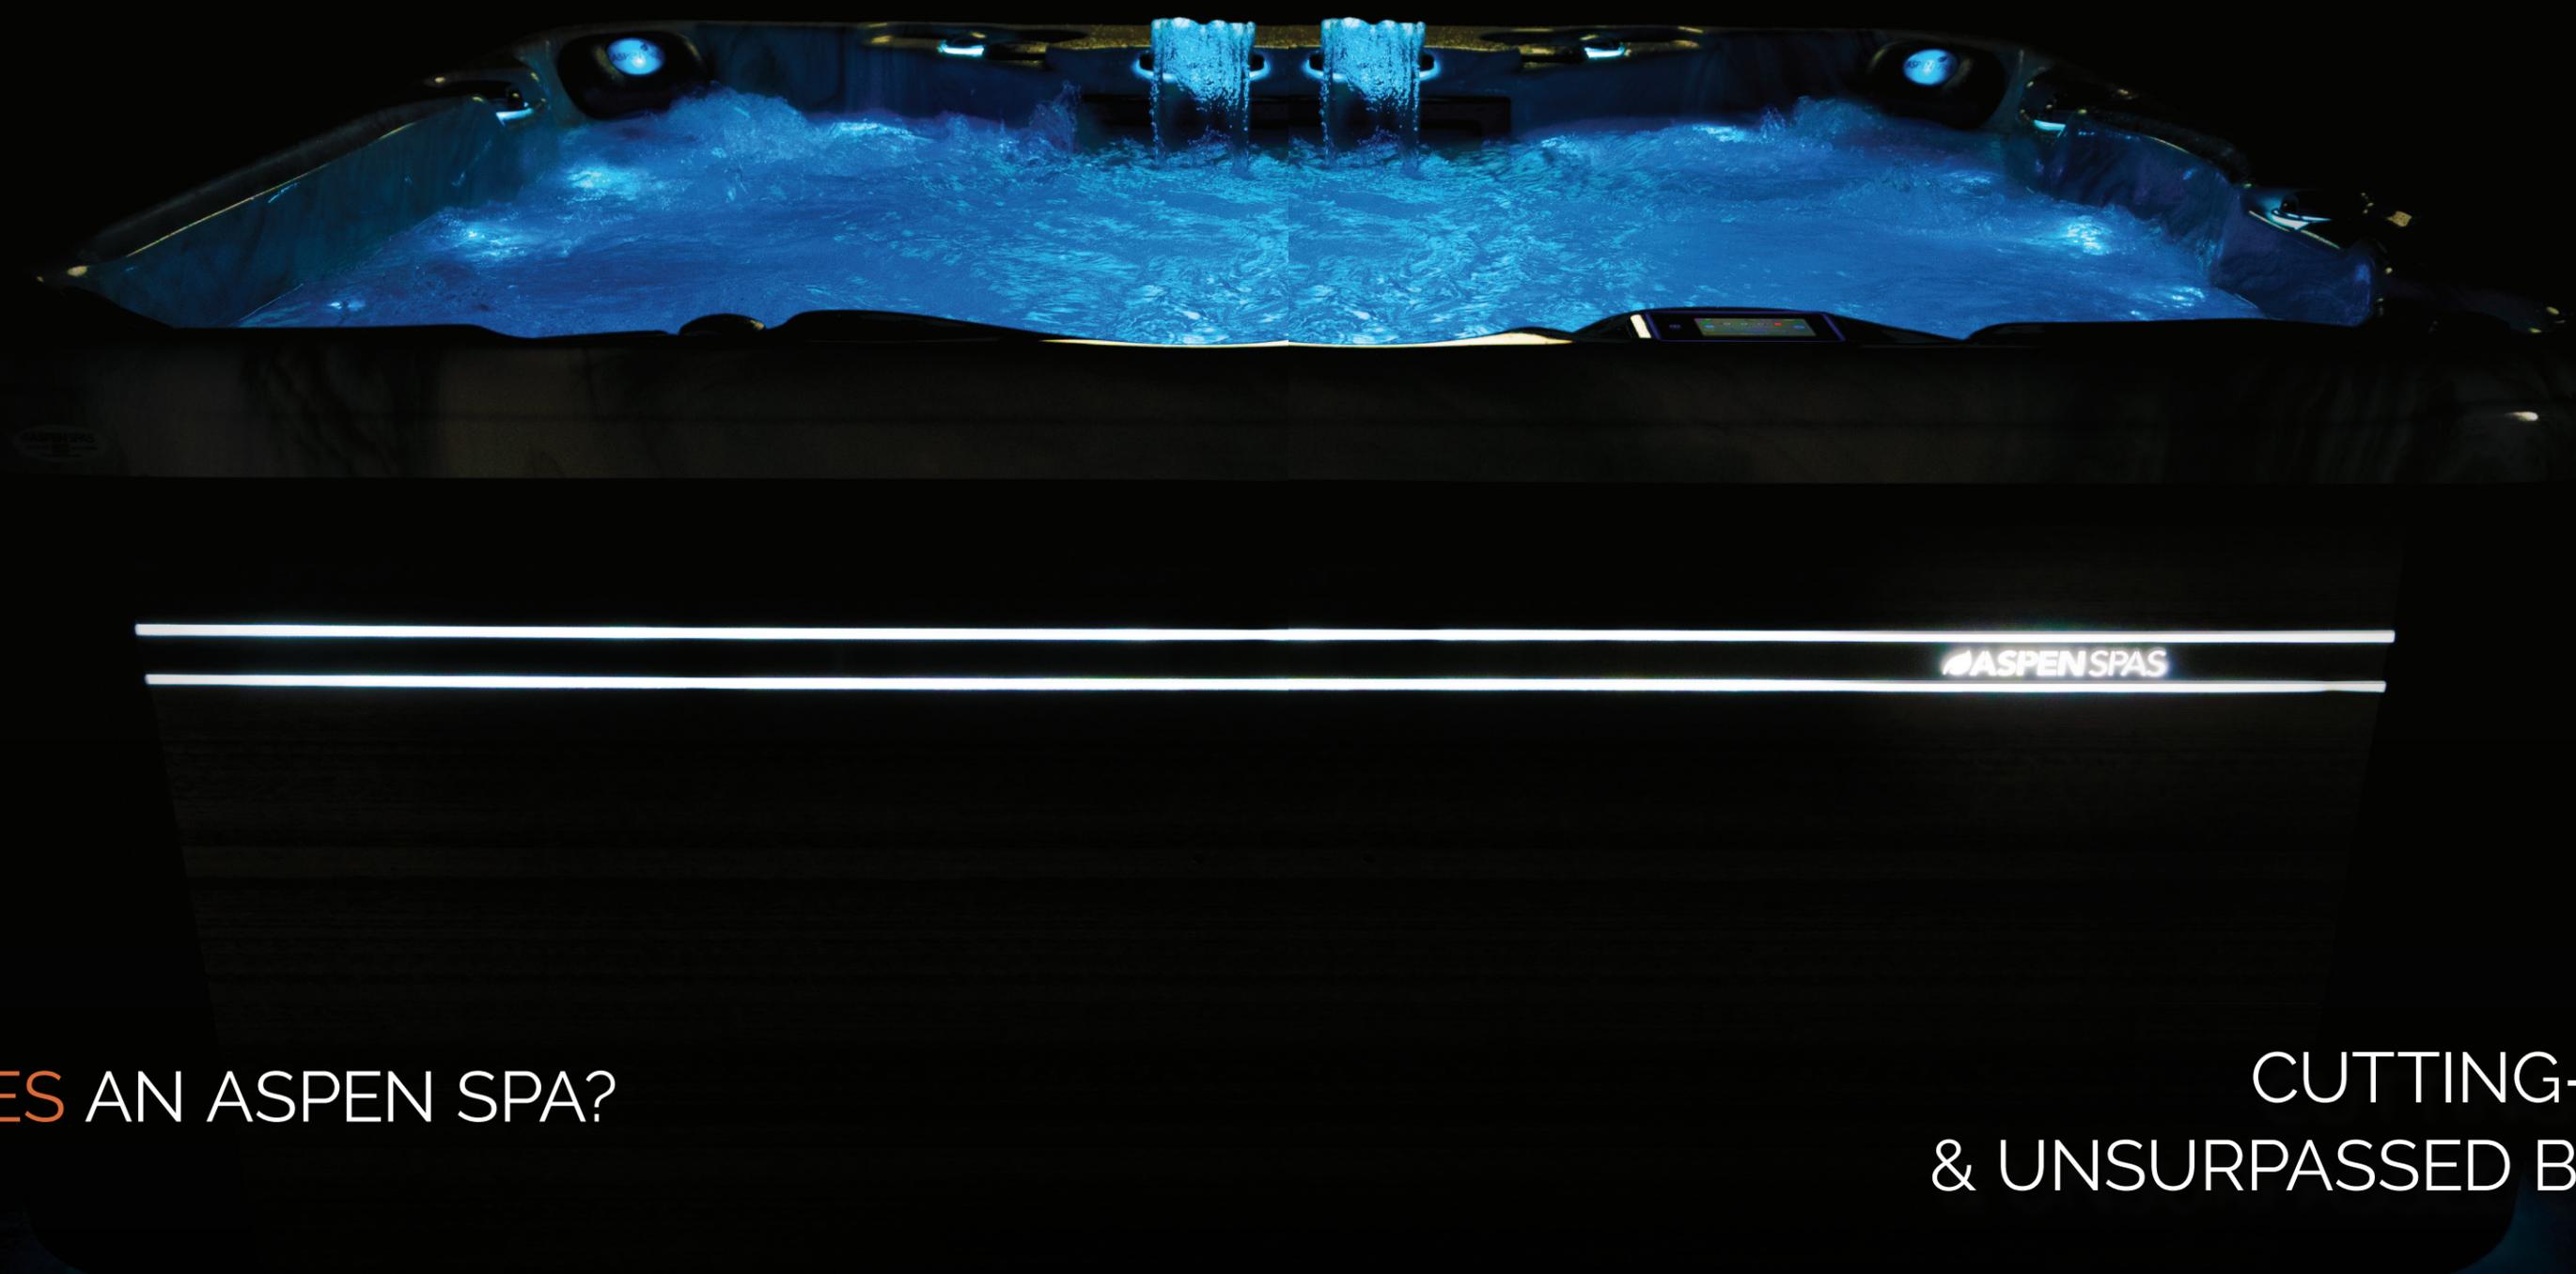

Hot tubs can aid recovery after physical activity. The heat and hydrotherapy can reduce muscle fatigue, promote repair, and flush out toxins. Improving blood flow enhances oxygen and nutrient delivery to muscles for faster healing.

IMPACTS BLOOD PRESSURE

The therapeutic benefits of a hot tub extend to cardiovascular health as well. The elevated temperatures naturally dilate blood vessels, facilitating improved circulation throughout the body. This not only promotes relaxation but also contributes to the reduction of blood pressure, enhancing overall well-being.

IMPROVES SLEEP QUALITY

Indulging in a hot tub session before bedtime can work wonders for your sleep quality. The combination of muscle relaxation and mental tranquility creates an optimal environment for a peaceful and rejuvenating night's rest.

WHAT **DEFINES** AN ASPEN SPA?

CUTTING-EDGE **DESIGN**
& UNSURPASSED BUILD **QUALITY**

CUTTING-EDGE SPAS DESIGNED FOR ULTIMATE RELAXATION & COMFORT

An Aspen Spa starts with an unsurpassed design concept: **one seat cannot be everything to every-body**. Aspen Spa is designed with varied seats, heights, jet sizes, and patterns to match your personal relaxation needs.

1 CAPTAIN'S CHAIR

This deep, upright bucket seat surrounds you with the ultimate hydro-massage focused on your neck, back, hamstrings, calves, and feet. It also features arm rests with pinpoint jets for the hands & wrists.

2 OPEN LOVE SEAT

Slightly more vertical than the Captain's Chair, this seating option is the perfect choice for when you want to sit up close and personal. You can swivel from side to side to massage your back, shoulders, arms, and sides.

3 BENCH SEAT

Placing you higher in the water, the bench seat works as both a step and a cool-down seat. It features pinpoint jets which provide intense, direct massage to the lower back.

4 FOOT WELL

All Aspen Spas are designed with deep wide-open foot wells, allowing for a more natural sitting position and enough comfortable room for multiple spa users.

5 NO-FLOAT LOUNGER

Exclusively designed to allow people of all heights to recline and relax. Our no-float lounger is unlike anything else in the industry. Stay in your seat while enjoying a hydro-massage for neck, back, calves, and feet.

6 ENTRY STEPS

Designed and built to ensure you can safely enter and exit your spa.

7 A THINNER SPA LIP

We design our spas to reduce the size of the perimeter spa lip, allowing for larger seats, more comfortable ergonomics, and more interior space.

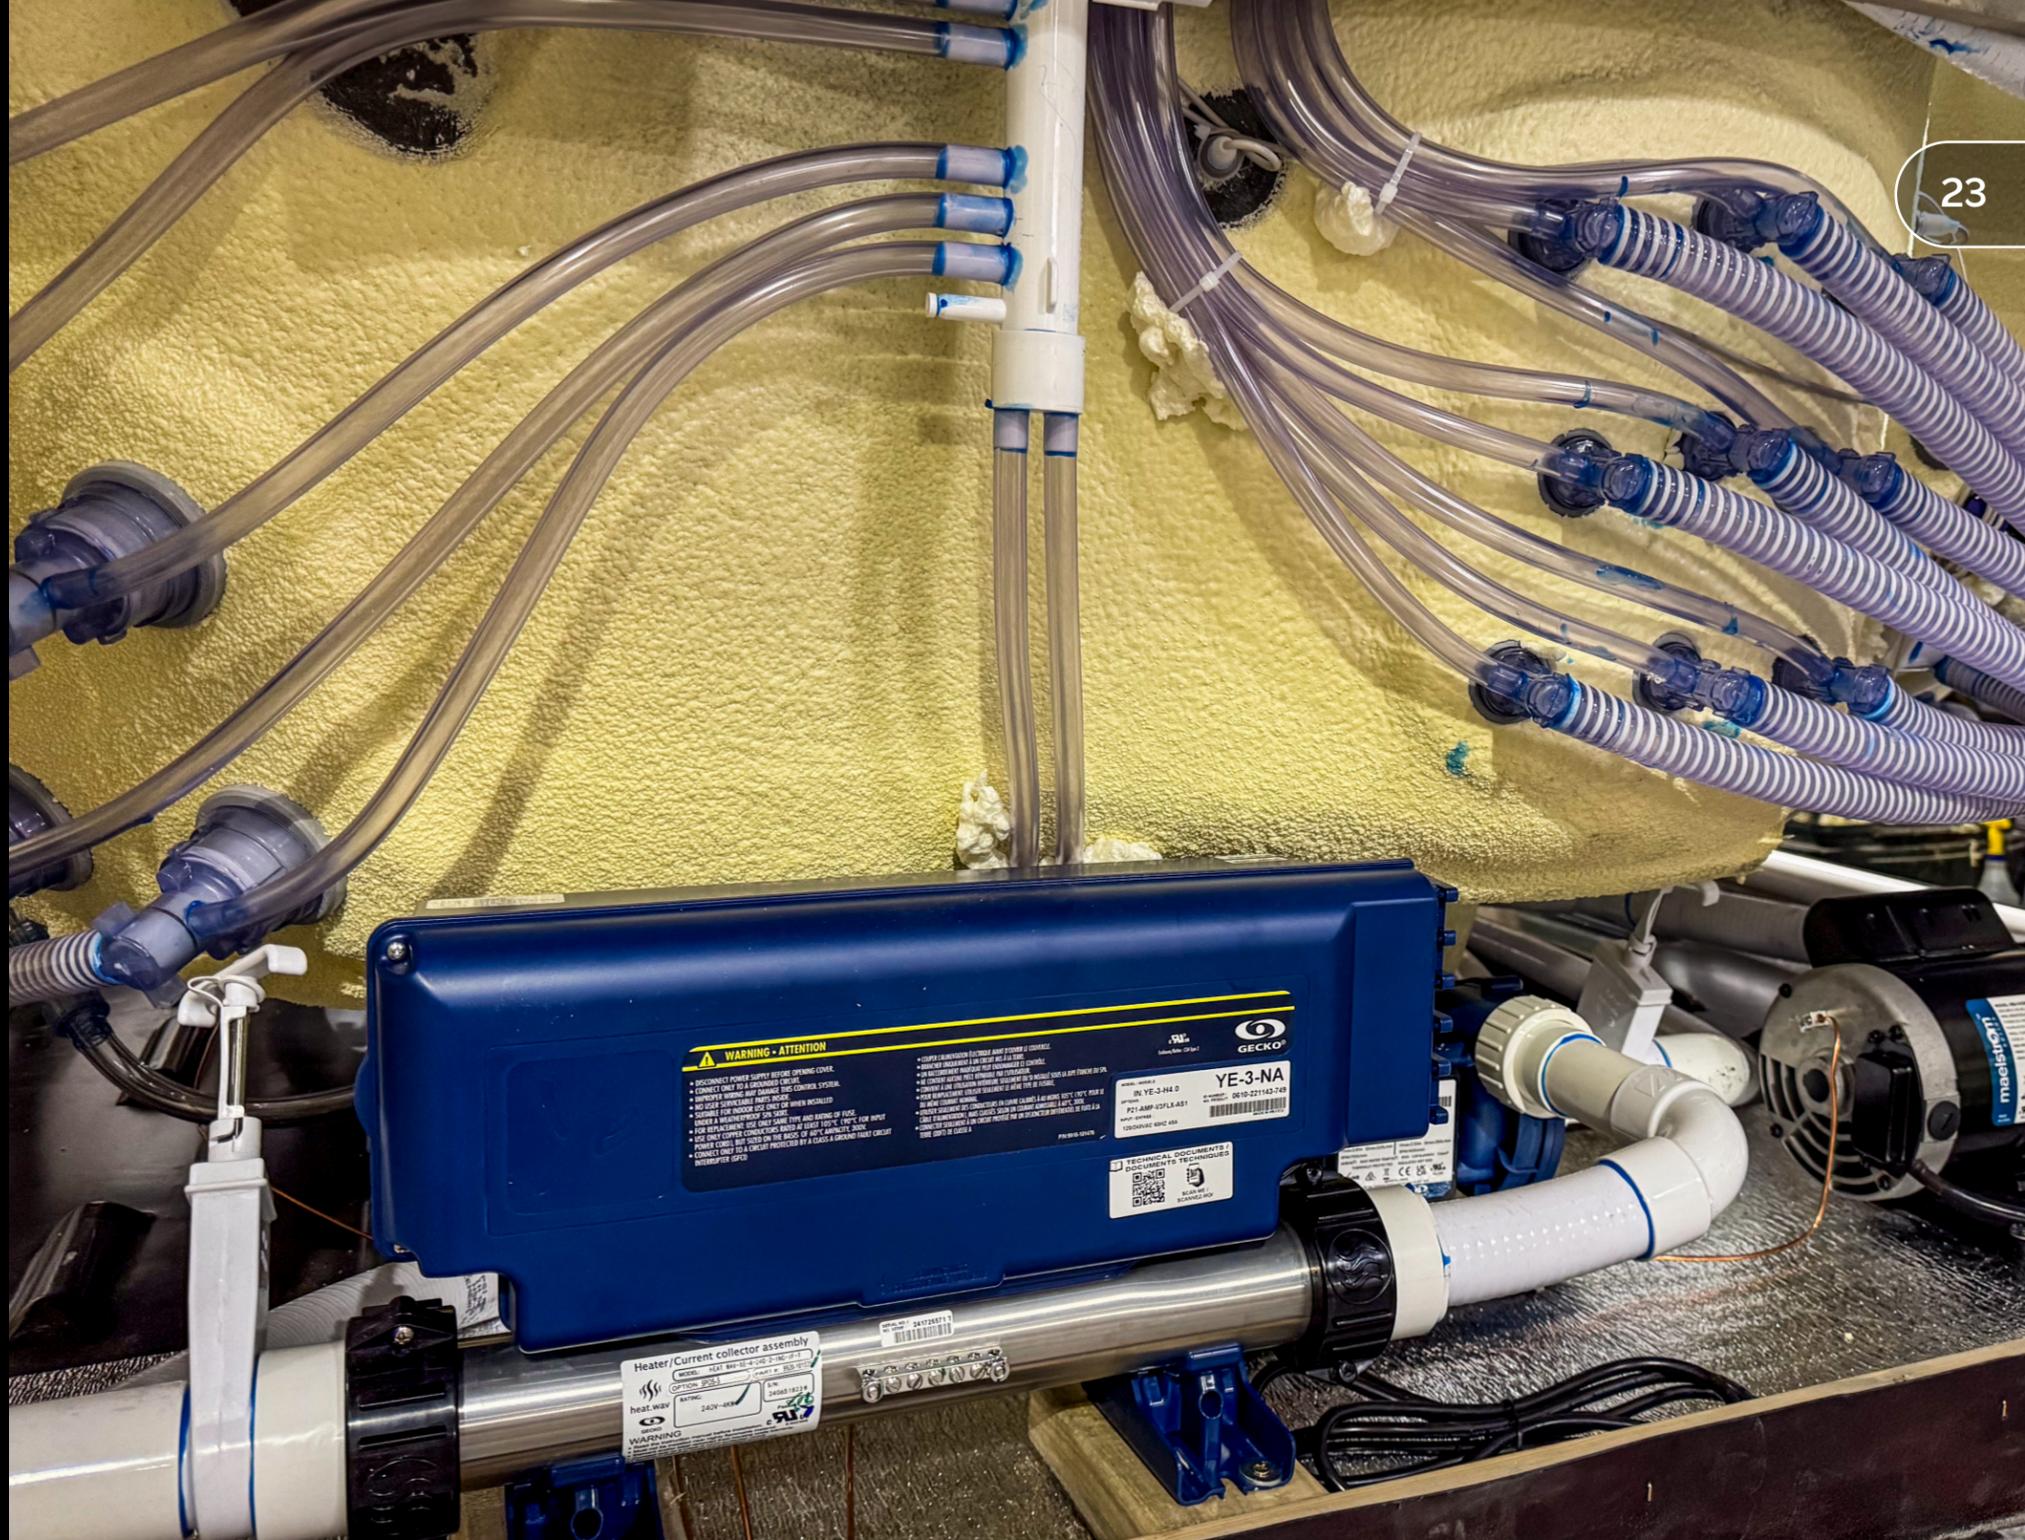

UNSURPASSED BUILD QUALITY FROM THE SHELL OUT

Aspen builds reliable hot tubs that outperform and outlast the competition. We take pride in our craftsmanship, putting quality and innovation at the forefront of everything we build.

READY TO CREATE
YOUR PERFECT SPA?

DISCOVER YOUR ASPEN

Every person is unique, and so is every Aspen Spa. We want you to have a spa built specifically to meet your needs, so we've developed a **simplified buying process** that will help you discover your Aspen Spa.

Answer the following questions to identify the uniquely designed spa that's just right for you.

STEP ONE

FIND THE RIGHT SPA SIZE FOR YOU

Aspen handcrafts 9 spa models to choose from.

How many people do you want your spa to hold?

How much space do you have for your spa?

What type of seating?

- Lounger & Captain's Chair?
- 2 Captain's Chairs?

STEP TWO

SELECT FEATURES & PERFORMANCE

Aspen offers three levels of features & performance without compromising on quality.

Which spa series fits your lifestyle?

ES - EXTREME SERIES: our top-of-the-line spa

GS - GREAT SERIES: a great therapeutic spa

VS - VALUE SERIES: a balance of quality & therapy

STEP THREE

MAKE IT YOURS

Fully customize your Aspen Spa and enhance your spa experience.

Which spa performance options do you want?

Which technology & upgrades do you select?

What spa shell & cabinet colors do you choose?

STEP ONE FIND THE RIGHT SPA SIZE FOR YOU

How many people do you want your spa to accommodate?
How much space do you have for your spa?

STEP TWO SELECT FEATURES & PERFORMANCE

We've developed three different spa series that offer distinct features & performance options depending on your selected spa model.

*Features depend on spa model

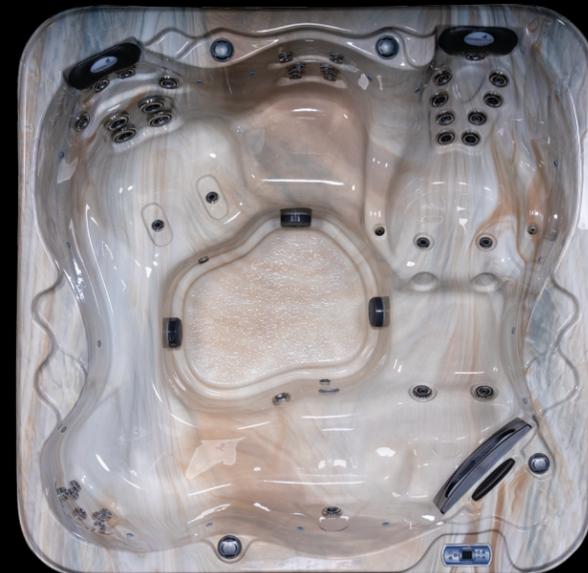

ES • EXTREME SERIES

Our top-of-the-line spas that offer a total-therapy package and multiple amenity options for luxurious and indulgent relaxation.

ES Spas deliver the ultimate spa experience:

- Up to 4 pumps
- Up to 70 therapeutic jets
- 2 volcano jets at 70 GPM included
- Full Chromatherapy LED lighting
- in.touch: Wi-Fi enabled mobile app
- Touchscreen topside control
- Illuminated waterfall
- Ozonator

GS • GREAT SERIES

With the exceptional combo of performance and technology this is the perfect fusion of invigorating massage and innovative spa features.

GS Spas deliver the ideal combination of:

- Up to 2 pumps
- Up to 50 therapeutic jets
- Mini Chromatherapy LED lighting
- Digital topside control
- Waterfall
- Ozonator

VS • VALUE SERIES

This series is perfect for spending time with family, entertaining friends, or simply reconnecting with yourself.

VS Spas offer essential features like:

- 1 pump
- Up to 32 hydrotherapy jets
- LED mood light
- 2 roman fountains
- Ozonator
- 110V or 220V convertible spa pack

STEP THREE MAKE IT YOURS

Once you've selected your spa model and determined which series is the best fit, you're ready to create a one-of-a-kind spa based specifically on your needs and preferences.

**Some features are only available on select spa models.*

VOLCANO JETS

At a rate of 70 gallons per minute, volcano jets provide the ultimate deep tissue massage.

24-HOUR CIRCULATION PUMP

A 24-hour circulation pump is a low flow, energy-efficient pump that provides crystal clear water at a lower operating cost.

LED LIGHTING

Full Chromatherapy, Mini Chromatherapy, or LED mood light displays solid colors, to blinking or fading effects to set mood.

K.1000 TOUCHSCREEN CONTROL

The latest technology in spas, this interactive control system at your fingertips allows for seamless interaction with your spa, therapy pumps, lighting systems, and filtering options.

XTREME POLAR PACKAGE

Award-Winning Xtreme Polar insulation keeps your spa warm by adding 3/4" SLX sheathing to our 10mm foil insulation. It reduces energy, keeps moisture out, and costs less to maintain your spa.

IN.TOUCH

Be in touch with your spa from anywhere! Control your spa directly from your smartphone. From changing the temperature, to turning on your lights, it's all available within the Gecko app.

BLUETOOTH AUDIO

Unwind with your favorite music and enjoy incredible sound through a waterproof Bluetooth audio system that can be controlled with a finger tap on your smartphone or via topside touch controls on the spa.
